Mandatory Travel Declaration Form

All travelers must fill out an electronic entry form before their Punta Cana arrival date. It is a digital form required for entering, and leaving, the national territory of the Dominican Republic.

Once completed, this form will provide a QR code that the Dominican Republic authorities will scan on arrival. The form must be completed individually by each traveler before arrival to the Dominican Republic. We suggest you fill out this form when you receive your travel documents, save a copy as a pdf on your phone, and print out a hard copy and keep with your passport.

You can access the Travel Declaration Form using the address below:
